

Key Stage 2 Maths Curriculum – Summer Term

2 sessions per week – Monday & Wednesday

45 minutes per session

Term dates: 13 April – 20 July

Half term: 25–29 May (no lessons)

Week	Date	Day	Topic	Learning Objective
1	13 April	Monday	Place Value	Read, write and partition numbers up to 10,000.
1	15 April	Wednesday	Place Value	Compare and order numbers using $<$, $>$ and $=$.
2	20 April	Monday	Addition	Add 3- and 4-digit numbers using column addition.
2	22 April	Wednesday	Subtraction	Subtract using column subtraction with regrouping.
3	27 April	Monday	Number Patterns	Identify number patterns and sequences.
3	29 April	Wednesday	Problem Solving	Solve multi-step number problems.
4	4 May	Monday	Multiplication	Multiply 2-digit numbers by 1-digit numbers.

4	6 May	Wednesday	Multiplication	Use arrays and area models to represent multiplication.
5	11 May	Monday	Division	Divide numbers using sharing and grouping.
5	13 May	Wednesday	Division	Solve division problems including remainders.
6	18 May	Monday	Word Problems	Solve multi-step problems using the four operations.
6	20 May	Wednesday	Reasoning	Explain strategies used to solve calculations.
—	25 May	Monday	Half Term	No lesson
—	27 May	Wednesday	Half Term	No lesson
7	1 June	Monday	Fractions	Recognise and compare fractions with the same denominator.
7	3 June	Wednesday	Fractions	Find fractions of quantities.
8	8 June	Monday	Decimals	Understand tenths and hundredths.
8	10 June	Wednesday	Decimals	Place decimals on a number line.

9	15 June	Monday	Measurement	Measure length and perimeter.
9	17 June	Wednesday	Measurement	Calculate perimeter of simple shapes.
10	22 June	Monday	Money	Add and subtract amounts of money.
10	24 June	Wednesday	Money	Solve real-life money problems.
11	29 June	Monday	Time	Read time on analogue and digital clocks.
11	1 July	Wednesday	Time	Solve problems involving time intervals.
12	6 July	Monday	Geometry	Identify and classify 2D shapes.
12	8 July	Wednesday	Geometry	Identify properties of 3D shapes.
13	13 July	Monday	Statistics	Interpret simple bar charts and pictograms.
13	15 July	Wednesday	Statistics	Create and interpret data charts.
14	20 July	Monday	Maths Review	Apply learning through games and problem solving.
